

## 4.2.5 Find friends

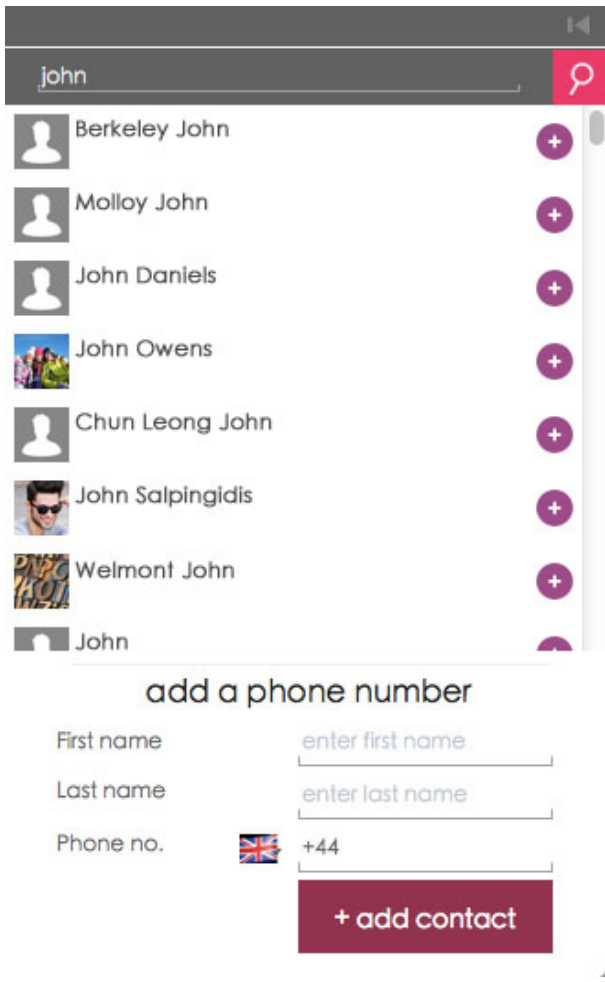

This function looks for other RCS users. You can search by name (which will look for the last name and first name), the Vippie ID (service ID), phone number and email. Those details are looked for in the other users' My Profile details stored on the platform. If your search is too wide a list of first hundreds hits is returned. For each returned user you can check his/her profile and add to contacts.

**PC**

The PC interface shows a search bar with the text 'john' and a magnifying glass icon. Below the search bar is a list of search results, each with a name and a yellow '+' button to add the contact. The results are: Berkeley John, Molloy John, John Daniels, John Owens (with a profile picture), Chun Leong John, John Salpingidis (with a profile picture), Welmont John (with a profile picture), John, and John Waits (with a profile picture).

**Mac**

The Mac interface shows a search bar with the text 'john' and a magnifying glass icon. Below the search bar is a list of search results, each with a name and a purple '+' button to add the contact. The results are: Berkeley John, Molloy John, John Daniels, John Owens (with a profile picture), Chun Leong John, John Salpingidis (with a profile picture), Welmont John (with a profile picture), and John. Below the list is a section titled 'add a phone number' with input fields for 'First name' (placeholder: 'enter first name'), 'Last name' (placeholder: 'enter last name'), and 'Phone no.' (placeholder: '+44' with a UK flag icon). A purple '+ add contact' button is at the bottom.
